## NOTE BY THE SECRETARIAT

This index covers the treaties and international agreements contained in Volumes 1 to 100 of the United Nations *Treaty Series*. It supersedes the previously published general indexes nos. 1-4.

The volume consists of the following three sections:

The first section, "Chronological Index", arranges the instruments in the order of the dates on which they were signed or were open to signature or accession. Treaties and international agreements which revise or amend a previous instrument are also indexed under the date of the previous instrument.

The second section is a list of "General International Agreements". The nature of this category of instruments is explained in a note at the beginning of the section.

The third section, "Alphabetical Index", refers to treaties and international agreements by party and subject (see explanatory note on page 263).

### *References*

Each of the treaties and international agreements included in the United Nations *Treaty Series* is designated by a roman numeral and an arabic numeral. The roman numeral indicates either Part I or Part II of the United Nations *Treaty Series*. Part I of the *Treaty Series* comprises treaties and international agreements registered with the Secretariat. Part II of the *Treaty Series* comprises treaties and international agreements filed and recorded by the Secretariat. The arabic numeral indicates the number of the treaty or international agreement within the respective part of the *Treaty Series*. For example, "I:3" indicates that the instrument is No. 3 in Part I of the *Treaty Series*.

Treaties in the League of Nations *Treaty Series* are indicated by the symbol "LoN" followed by its number; for example: LoN 4587.

References to volume numbers in the United Nations *Treaty Series* are in arabic numerals. References to volume numbers in the League of Nations *Treaty Series* are in roman numerals.

Dates of treaties and agreements: Two dates joined by a hyphen (e.g., 1946, 3 Jan.-5 April; or 1945, 21 Dec.-1946, 3 Jan.) indicate the first and last dates in a series of exchanges of notes concerning the same agreement. Two dates of the same month divided by a fraction sign (e.g., 1943, 9/13 Dec) or of different months (e.g., 1945, 1 July/21 August) indicate, on the other hand, that no notes have been exchanged on the intervening dates.

## GENERAL INTERNATIONAL AGREEMENTS

### NOTE BY THE SECRETARIAT

It has been considered desirable to continue the practice, initiated in the League of Nations *Treaty Series* General Index, of classifying certain multipartite instruments under the heading of "General International Agreements". This classification is used solely for purposes of the present General Index. It is motivated only by reasons of convenience and should not be taken as having any juridical significance. General International Agreements are listed in chronological order and include the following types of instruments:

- (1) Multipartite conventions, protocols and agreements adopted or approved by the General Assembly of the United Nations;
- (2) Constituent instruments of the specialized agencies or instruments creating inter-governmental organizations;
- (3) Instruments (of accession, ratification, denunciation, etc.) relating to General International Agreements listed as such in the League of Nations *Treaty Series* Indexes;
- (4) Multipartite conventions, protocols and agreements revising, amending or continuing any General International Agreement listed as such in the League of Nations *Treaty Series* Indexes;
- (5) Multipartite conventions, protocols and agreements which were authenticated (by means of a final act or otherwise) at a conference held under the auspices of the United Nations or under the auspices of any of the specialized agencies;
- (6) Declarations of acceptance of obligations of the Charter of the United Nations;
- (7) Declarations of acceptance of compulsory jurisdiction under Article 36, paragraph 2, of the Statute of the International Court of Justice, as well as Declarations accepting conditions to become a party to the Statute.

All signatures, as well as instruments of accession, denunciation, ratification and withdrawal, appear under the respective instruments to which they refer.

General International Agreements, and all juridical acts relating to them, are referred to in the Chronological Index and in the Alphabetical Index by cross-reference from their dates and subjects.
